

# PIYUSH PAWAR

Python Backend Developer | Django | REST APIs | PostgreSQL | AWS

+91 6232122716 • piyushpawr28@gmail.com • [linkedin.com/in/piyush-pawar-P281297](https://www.linkedin.com/in/piyush-pawar-P281297)

## PROFESSIONAL SUMMARY

---

Results-driven Python Backend Developer with 5+ years of IT experience, including 3+ years specializing in Django & Django REST Framework (DRF). Proven track record building scalable REST APIs, optimizing PostgreSQL databases (30% query efficiency gain), and deploying cloud-based solutions on AWS. Delivered 20% application performance improvement. Experienced in Agile/Scrum, CI/CD pipelines, RBAC, GIS integrations, and Test-Driven Development (TDD) across government infrastructure, SaaS, fintech, and HR domains.

## TECHNICAL SKILLS

---

**Languages:** Python, JavaScript, HTML5, CSS3  
**Frameworks:** Django, Django REST Framework (DRF), jQuery, Bootstrap  
**Databases:** PostgreSQL (indexing, query optimization), MongoDB, Django ORM  
**Cloud & DevOps:** AWS (EC2, S3), Docker, CI/CD Pipelines, GitHub  
**Architecture:** REST APIs, Microservices, RBAC, TDD, GeoDjango, JWT Auth, JSON

## WORK EXPERIENCE

MDP Infra Pvt. Ltd., Bhopal

Python Developer

Feb 2023 – Apr 2026

- Architected scalable Django & DRF systems improving overall application performance by 20%; designed secure user onboarding and RBAC for 5+ operational user roles, reducing manual onboarding time by ~40%.
- Optimized complex PostgreSQL queries using indexing and query planning, achieving 30% efficiency gain; integrated GeoDjango & PostGIS for GIS-based spatial data processing and location-based project monitoring.
- Built and maintained RESTful APIs (DRF) for frontend form handling, data validation, and backend business logic; developed E-measurement digital verification modules replacing manual field workflows.
- Implemented dynamic form handling using JavaScript, jQuery, HTML5 & CSS3; contributed to CI/CD pipeline deployments and Agile/Scrum sprint planning, code reviews, and GitHub-based workflows.

Lackacre Pvt Ltd., Bhopal

Software Developer

Jan 2022 – Feb 2023

- Developed and maintained an Inventory Management System using Python and Django to manage stock entries, product tracking, purchase records, and sales operations efficiently.
- Designed and managed dynamic web portals using HTML, CSS, and Django templates, ensuring smooth user experience, secure authentication, and responsive dashboard functionality.
- Created and optimized SQL database queries, tables, and reports for inventory transactions, stock availability, vendor details, and real-time data management.

## EDUCATION

---

B.E.

**Computer Science**

Trinity Institute of Technology & Research, Bhopal | Rajiv Gandhi Technical University

*2015 – 2019*

**12<sup>TH</sup>**

**Mathematics**

Govt. Excellence High. Sec. School , Betul

*2013 – 2015*
